

Mini Stall Plan

Time: 30 minutes

You need

- ☐ Paper and pencil
- ☐ Colours

Steps

- 1** Think of a small problem people near you have.
- 2** Invent a product or service to help, such as lemonade or bookmarks.
- 3** List the costs and decide a price.
- 4** Draw a poster for your stall.
- 5** Work out your profit if you sell 10.

Safety: This is a pretend plan. Ask an adult before selling anything.

Before you start: what do I think will happen?

My observations

Table 1. My stall numbers

Item	Cost to make	Price I charge	Profit on one
Item 1			
Item 2			
Item 3			

Table 2. If I sell 10

Item	Money I would earn	Total cost	Profit
Item 1			
Item 2			
Item 3			

Think about it

Who would buy it, and why?

What could go wrong?
